The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 19 is rejected under 35 USC 102 (b) has been anticipated by Tomita. Figure 1 of Tomita chose a piezoelectric actuator for driving an injector of an injector system for internal combustion engine comprising a receding sleeve including a first sleeve part #10 a second sleeve part#11 connected to the first sleeve part in an assembled state and an anti-rotation element (screw-not shown [see column 3, line 67-column 4, line 5]). Note that the phrase “as said for its sleeve part and said second sleeve part are guided together” is merely a functional statement of a desired result with no commensurate structure to ensure this function. Thus, the phrase has not been given patentable consideration.

Claims 40-45 are allowed.

Claims 21-37 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
